

**SYDNEY PRAYER BREAKFAST**  
MEDIA, ARTS, CULTURE

Father God we thank you for this privilege come together as one, seeking your wisdom and empowerment upon each believer working in the MEDIA, ARTS and CULTURE. We ask that you would empower us with Godliness, boldness and the character to maintain our integrity and our convictions in the midst of any pressure or attack that we may face.

Today as a group of believers in the arts we take up your mission, the great co-mission, to go into ALL the world of the Arts shining brightly for You. Continue to bless us so that we can create content that is seasoned with your type of creativity, your type of humour and your type of entertainment.

Bless us so that our production values are of the highest standard, so that our voices attract rather than detract. We ask you for divine promotion upon your people in this area, Supernatural promotion like that of Daniel and Joseph and Esther. We pray that each person in media (TV, Radio, Print and Internet, Music, Arts and Culture) would ALL would rise to places of influence to be a light for you.

Father we recognize our weakness and limitations in this area. Forgive us of trying to do things in own strength, in our own timing and for not walking with integrity and godliness. But we thank you that your strength is made perfect in our weakness. So fill us we pray and overshadow our weaknesses and anoint us for the task at hand.

We ask that you open our eyes to catch your vision for the Arts. A day where we have favour in both your eyes, and the eyes of man. A day where the wisdom of God is not only sought out but celebrated. A day where we are the head and not the tail.

We thank you that as we pray the next generation of leaders and influencers are being birthed and re-birthed right here at this Sydney Prayer Breakfast. And finally we lift up before you every person and every heart that will be impacted and influenced by our words and by the art we create, that they would be blessed and filled with joy and hope as they encounter YOU and your Holy Spirit!

... We pray this in Jesus name,

AMEN!
